

NOTICE

ORGANIZED HAMLET OF GUERNSEY –

WATER BILLING

Unfortunately, our water system continues to run at a deficit. Due to this, Council & the Hamlet Board have unanimously decided to implement a bill increase:

Effective January 1, 2022:

Water - \$180

Sewer - \$60

Infrastructure - \$45

TOTAL BILL: \$285

How much of an increase is this? Just \$5.00 per month.

Note: as this is effective the first billing period of 2022, the bill you receive in January (for October – December 2021 usage) will reflect the previous rates.

Water will continue to be billed quarterly. Please be reminded of the following:

- Extensions are **not** granted on water bills – if your bill is not paid by the indicated date, your water bill be disconnected and you will be charged the \$150 turn-on fee.
